

Aluminium Half Round Trim

The B.A.T. Half Round Trim could be considered as the most versatile trim in the entire B.A.T TRIMS range.

It is versatile in the respect that it can be installed horizontally; to give a smooth edge to tiled bath-hobs or benchtops, or alternatively vertically to facilitate a round edge on wall junctions where both sides are tiled.

Half Round Trim can also be used as a form of "capping" to finish off wall tile installations that are not fully tiled.

Available in the entire range of three anodised colours, and four standard powdercoat colours, you're sure to find a colour that matches any application and surrounding décor.

Aluminium Half Round Trim - Available in 2.5m lengths

B.A.T. Code:	A (mm)	B (mm)	C (mm)	D (mm)	E (mm)
