

Border Trim

The B.A.T. Border Trim is used as a decorative strip between wall tiles. It is an alternative to expensive ceramic border tiles and is commonly used in domestic and commercial applications.

Available in two sizes, the Border Trim can cater for numerous surface finishes (not only tiles), and allows for finishes to either be butted up to the trim, or tucked in underneath the decorative finish – eliminating unwanted cuts.

Border Trim is available in the sizes and colours listed below:

Border Trim - Available in 3m lengths

B.A.T. Code:	A (mm)	B (mm)	C (mm)	D (mm)	E (mm)
